

Parcel Mapping Incentives

Amalgam LLC is offering a new incentive for local governments that do not have parcel data for use in a GIS. Get your parcel data now and spread the payment out over four years.

Parcel mapping will be completed within 12-18 months

Begin using parcel data within 12-18 months

Payment of project to be made over four years

Includes parcel maintenance for contract period

Amalgam LLC will provide this service to any unit of local government that does not have complete parcel data. This includes organizations that have partial or incomplete parcel data.

All mapping will be performed using ESRI ArcGIS software resulting in industry standard deliverables.

Amalgam LLC will identify organization specific maintenance paths that promote long-term use of parcel data and GIS.

Additional services, such as on-site training, Web Mapping and Land Records Portal can also be purchased under this payment plan. To learn more contact an Amalgam LLC partner at 989.772.8981 or visit us online.

0% for 48 Months
